SUMMARY

Enthusiastic Computer Science graduate seeking a Software Developer position. Strong analytical and problem-solving skills with a keen interest in designing, developing, and maintaining software applications. Committed to continuous learning and contributing to organizational success.

SKILLS

Technical Skills	Java, MySQL, HTML, CSS, Java Script, ReactJS, Spring Boot
Version Control	Git and GitHub
Tools	Excel, VS Code, Eclipse, Postman

EXPERIENCE

Software Engineer Intern
PK Innovatives

Aug 2025 - Mar 2026
Chennai, India

PROJECTS

CRM Project.

Worked in this project during the internship period.

- Developed and enhanced web application Modules using React.js and Node.js, contributing to project modules in a collaborative development environment.
- Identified and resolved UI issues, improving application usability, responsiveness, and overall user experience.
- Performed API testing, application maintenance, and debugging to ensure functionality, reliability, and smooth system performance.

Travel Tourism website(Travelmate).

- My PG final year project, A travel tourism website to book travel packages online.
- The website allows users to search and explore various travel destinations, view package details, and request customized tour plans directly from the admin. Admins can manage travel packages, process bookings, and respond to user requests for tailored tour plans, ensuring a personalized experience.
- Built using React.js for the frontend and Java with MySQL for the backend, the platform ensures secure and scalable data handling with real-time updates.

EDUCATION

Master of Computer Science
Thiruthangal Nadar College - 78.9%.

2023 - 2025

Bachelor of Computer Science
SRM Institute of Science and Technology, Ramapuram - 87.9%.

2020 - 2023

ACHIEVEMENTS

- Organized NEXTGEN NEXUS Hackathon and Business plan presentation event in Thiruthangal Nadar College.
- Won second place in paper presentation event at SRM IST, Ramapuram on the TOPIC: "SMART DEVICES".
